

Dear Friends and Prayer Partners,  
My heart is filled with thankfulness for God's loving care throughout 2018 and I praise Him with these verses from Psalm 100. "Shout with joy to the Lord, all the earth! Worship the Lord with gladness. Come before him singing with joy. For the Lord is good. His unfailing love continues forever, and his faithfulness continues to each generation." (vs. 1,2,5)

Thinking of generations, I can remember hearing Daniel's father pray for our three daughters and his other grandchildren. A generation before, Daniel's grandparents faithfully reached the lost for Christ. And now we see our prayers answered in our grandchildren, making them the fifth generation serving the Lord. Praise Him! Since it was January 2017 when I had family photos in my letter, I felt this would be a good time for new family updates.

My oldest, Priscilla and Ted Clark have served in central/western Mexico for 30 years, having an evangelistic outreach to other towns along with the church at the Bible camp. Their oldest, Caleb and Alma (left) are beginning a new church in a nearby city, along with house to house Gospel of John distribution. Daughters Katie & Annie reach out to young girls in the church and other ministries at the camp. Nathan is a missionary in the same area with an evangelistic outreach through individual Bible studies and children's ministry, as well as mentoring young men of the church. Michael and Sofía minister in their church and have Bible studies to reach young couples for the Lord. Their three little ones are my great-grandchildren.

My second daughter Rachel and John Reaser have a ministry to encourage the pastors and see growth in the local Mexican churches in Mazatlan on the Pacific coast. Their son Daniel graduated from LeTourneau University in May and is now a Computer Software Engineer for a startup company in Dallas. Joshua worked for two years after high school and is now spending some time in Mexico, helping his parents in their ministry.

My third daughter Ruth and Scott Yingling continue ministering with Camino Global, living in the Dallas area. From left is youngest, Keegan, a junior in college studying engineering. Monica has an associate degree in Health Studies and works at a Christian camp. Aron graduated from Moody in December and will be working in a church plant near Minneapolis. Brianna graduated from Moody a year ago with her Masters degree---working now to pay back student loans and then ready to serve the Lord on the mission field or where He leads her. After Moody Josiah attended New Tribes Missionary Training Center and is preparing for ministry to tribes in Southeast Asia.

With thankfulness for your part in my ministry,

*Beverly*
