

# Word of Life Australia

---

Dear Friends at Valley Forge,

I believe that it is vitally important for missionaries to always keep open the lines of communication with their prayer and financial supporters. With today's technology, there are many ways to do so. Lynda and I have always tried to keep in touch with as many people as we can.

Emails and prayer letters are great ways to keep in touch and we even try to use Facebook. So whether you receive an email or letter or see a Facebook post, please pray for us!

Will you please pray for something that is not in our prayer letter? Next week Emmanuel and I will be taking a road trip to visit with pastors, youth leaders and Scripture teachers in the New England region of New South Wales. We hope to accomplish a few things: to be an encouragement to those with whom we meet; to share information about WOL's Local Church Ministry with them and to make sure that all the details of our August mission are in order.

Be sure to **CLICK** on our prayer letter for news of Lynda's health, our August ministry trip to New England and much more.

We are so grateful for all of you who pray for us and who support our ministry with your finances. We are confident that with your prayers and support God will do His work through us.

God Bless,

***Jim and Lynda Dugan***

Brethren, Pray for us!

1 Thess. 5:25
