

Word of Life Australia

Dear Friends at Valley Forge,

Lynda and I would like to thank all of you who have been praying for Lynda's cataract surgery. She is recovering very well from her first surgery and her surgeon is very pleased with her improved distance vision. He told her that her cornea looks good and that if her Fuchs Cornea Dystrophy does not worsen in the next 30 days then it probably won't for a long time! Pray for her Fuchs not to deteriorate and for Lynda's next surgery on 24th of May.

May and June are very busy times for Jim with the administration and financial work. Part of Word of Life Australia's three-year vision is to update a lot of administrative procedures. Time always moves on and sometimes we keep doing things the old way. Well, we are looking to redo and streamline the way we do things. Pray for our budget committee and for Jim as he works on many of these changes.

Some exciting ministry opportunities have opened up for us here in Muswellbrook. We once again lead a Small Connect Group that meets in our home for Bible Study every Wednesday during the school terms. Pray for Jim as he prepares and leads this group. Pray for all of us to grow together in the Lord. Jim is now on the PST (Pastoral Support Team). It is a privilege to serve with others to support our Pastor, Darryl Spicer.

Next Friday Jim will be teaching at Kurri Kurri Youth Group which has been using our Local Church Ministry material for over 15 years. Many of the youth leaders grew up on the LCM Bible studies and are now teaching the next generation. Your prayers would be appreciated.

We are so grateful for all of you who pray for and support our ministry. Thank you for being a part of our team!

God Bless,

Jim and Lynda Dugan
Brethren, Pray for us!
I Thess. 5:25
